13TH ANNUAL

Fur Ball

A VIRTUAL GALA

SATURDAY OCT 2, 2021
7PM PDT

THANK YOU FROM KITTEN RESCUE!

Thank you for joining us for our 13th annual Fur Ball 2021 Virtual Gala. Much anticipated each year, the Kitten Rescue Fur Ball is a magical evening on behalf of the forgotten felines of Los Angeles.

Kitten Rescue is a nonprofit, all-volunteer organization devoted to rescuing and finding homes for abandoned cats and kittens. Since our inception in 1997, our dedicated volunteers and staff have saved the lives of over 23,000 animals. We have grown to become one of the largest and most respected no-kill rescue groups in Los Angeles.

Our main lifesaving efforts revolve around our Foster Program and the Kitten Rescue Sanctuary, our physical shelter. Through our Foster Program, volunteers help take care of neonatal kittens, moms with litters, cats that need socialization, and sick and injured animals — housing and caring for them up through their adoption. The Kitten Rescue Sanctuary has over 100 adult resident cats living in cage-free areas, including a separate space dedicated to leukemia-positive cats, as well as a kitten room with a “kitten cam” that livestreams on our website. The Sanctuary is home to a neonatal Kitten Nursery that focuses on kittens under 4 weeks old who require around-the-clock care. The Sanctuary’s Adoption Center houses around 20 kittens and has been instrumental in helping us place over 1,000 animals a year into loving homes.

Prior to adoption, all of our cats are spayed or neutered, tested for feline leukemia and FIV, vaccinated, dewormed, microchipped, and treated for fleas. Kitten Rescue also takes care of other medical needs that arise while the animals are in our care.

In 2017 to honor the legacy of FixNation co-founder, Mark Dodge, we launched Cats On Pawtrol, a program dedicated to saving the lives of feral cats from city shelters. This program places rescued feral cats as working cats on properties where they provide organic rodent control in exchange for shelter, food and water. Kitten Rescue has saved and placed over 220 working cats thanks to this lifesaving program.

In addition to animal care, Kitten Rescue also provides education and assistance to the public regarding all aspects of responsible pet guardianship, care of kittens and cats, the importance of spaying and neutering, and the proper maintenance and care of feral colonies.

Kitten Rescue is a charter member of NKLA (No Kill Los Angeles), a coalition of rescue groups organized by the Best Friends Animal Society to help reduce shelter euthanasia and promote adoptions. Kitten Rescue works closely with Best Friends and the Los Angeles Department of Animal Services on programs designed to save animals and transform Los Angeles into a no-kill city.
